FOR IMMEDIATE RELEASE

Glazer Children's Museum Introduces #GCMParent Series, featuring award-winning author Norine Dwrkin-McDaniel

(Tampa, FL.) The Glazer Children's Museum will be introducing its brand new #GCMParent series, on Thursday, November 3 starting at 6pm. During this special evening, parents in Tampa Bay will have the opportunity to network and learn more from top experts in the area.

This month's special guest is author, parent, and scientist **Norine Dwrkin-McDaniel**. Come join us as she reads from her hit book, *Science of Parenthood*. This book uses Dwrkin-McDaniel's trademark witty, unique humor, and is illustrated with her signature cartoons. Through exploration in the core sciences- physics, chemistry, biology, and mathematics- it will help moms and dads everywhere solve for "y." As in, "Y" is my child doing that!?"

Enjoy this scientifically fun parents' night out. The book will be available for purchase and this event includes personalized author signing. Each month will host meet and greet sessions with hit authors like Norine Dwrkin-McDaniel, and will feature a new, popular topic, such as ways to help your little one fall asleep!
